## ON THE COVER:

SBVCDS Members meet with County Supervisor and presumed State Assemblyman Gregg Hart.

It is always good to have an ear in the capitol to hear and understand dentists' needs. Mr. Hart was receptive to our describing the current difficulties with training, staffing, regulations, and third-party payers. We look forward to continued dialogue and positive changes as we move forward.

Sep 16	Annual Member Social - The Greek Restaurant (see page 18) .....	\$39
Dec 10	Parade of Lights, Channel Islands Harbor, Scarlett Belle dinner cruise!	

***We also offer monthly Radiology Safety Certification courses – Call for details***

# PRESIDENT'S MESSAGE

Dear Colleagues,

Summer time vibes! Hooray! May and June were times of transition, times of weddings and graduations. Now it's officially summer - time to check if our swimwear still fits, to see if insurance and vendor contracts still fit, and to assess our practices profitability in the wake of high inflation. These are hot times in more ways than one. There are certainly unique struggles at this time in history, and you should know that your board is doing what it can to be sure your office can thrive. We are preparing to attend House of Delegates (for the first time in-person in three years!) and will work hard to advocate for you.

In one of the more easy ways we want to assist... maybe it is also time to start cleaning out some contracts and old patient charts? Your dental society is having its Santa Barbara shred day on August 12! See the flyer in this edition and call to reserve your boxes.

As the summer starts to heat up, so are our member events. Join us for a morning of golf and member luncheon to follow at the Greek in the Ventura Harbor on September 16th. This will be a unique way to get-together as colleagues; something we all have missed! See the flyers for these events in this edition and reserve your spot now!

We will continue to have our pop up socials. These are often in the Ventura/Oxnard area, as that is most central to our component. But remember, if any other members are interested in creating a pop-up social in their area, please reach out to Linda and Felipe at the society office. Speaking of Linda and Felipe, and speaking of graduations, I would like to take a moment to highlight your society staff's recent family-pride moments; Linda Lacunza, SBVCDS Executive Director, was proud to see her step-son graduate

Dr. Ken Smith  
President

from 8th grade. Now onto life with a high-schooler!

I would like to give an especially loud applause to Felipe's daughter, who graduated at the top of her class!

Felipe Diaz, SBVCDS Office Manager, and his wife were proud to see their eldest child, Citlali, graduate from Hueneme High school. She was a Valedictorian, a Distinguished Scholar, and received multiple scholarships. She was the Commanding Officer of Hueneme's Navy Junior Reserve Officer Training Corp with the rank of Cadet Captain, and was the Color Guard Commander. She was accepted into every school she applied to, including UC Berkeley, UCLA, UC Santa Cruz, UC Davis, CSUCI, Cal Poly, San Diego State, CSU Northridge, Cal Lutheran, University of Chicago, and Williams University. She will be attending UC Berkeley to major in English or Classics in the fall. Big congratulations to Citlali!

Wishing you all a terrific summer.

Sincerely,

Dr. Ken Smith  
President 2022 SBVCDS

# BOARD OF COMPONENT RELATIONS REPORT

July 2022

Lisa E. Beck-Uhl, DDS

Dear Colleagues,

I hope you are having a great summer! As life continues to move towards normal, your board has been working to introduce more fun gatherings again, and we continue to find ways to support our members. I know from talking to many of you that workforce shortages continue to be an issue.

Staffing is a real problem in all industries. Staffing dental offices has even more hurdles (vaccine requirements, training, etc.), and Santa Barbara has even more (lack of training centers, gas prices, road construction, etc.). Our Executive Director, Linda Lacunza, has been working very hard to help this issue. Among other efforts, she has met with Santa Barbara City College to have dental assisting added to their range of jobs promoted in the community. SBCC will also begin offering DA internship opportunities to the right person.

Of course, these interns would require training. Linda has been working with CDA to access the Smile Crew online training program, and our Board of Directors is exploring other online didactic training opportunities. Linda is working with the Santa Barbara County Workforce Development Board, and the Santa Barbara Foundation to hopefully find financial assistance to the student and/or to the dentist employers who hire them.

In order to build up the database of trained applicants, please be open to doing some training if the opportunity arises! I have had a few student interns work for me, and I have found them quite helpful. These are students from UCSB that are interested in becoming dentists. They require a lot of training, but it's fun to help them, and to see their eyes light up when they see what we can do for our patients. To help in the legislative arena, Linda, Dr. Adam Swenson (Area A Area Director), and I recently met with Santa Barbara County Supervisor, and State Assembly candidate, Gregg Hart. It is important to have our needs heard by our representatives regarding our concerns as dentists and business owners. We spoke to Mr. Hart regarding staffing issues, and he genuinely listened to our concerns. Ventura County has had the Hygiene School and Dental Assistant training program at Oxnard College, but the Dental Assisting School we used to have at Santa Barbara City College was shut down years ago. Mr. Hart agreed that more dental auxiliary in our community would be beneficial in employment and overall health of the community.

At the state level, I met with the Board of Component Representatives via Zoom last month. We talked about staffing, and other issues affecting member retention, and what CDA can do for us. One proposition was putting pressure on the California Dental Board to remove the roadblocks to updating licensure when RDA's and hygienists want to return to the workforce. Another proposed that the CDB allow more than 50% of CE credits to be taken online. Our younger members especially like the availability of online courses.

I hope this gives a small glimpse into the kind of work that organized dentistry does to serve our profession. We want the best for our profession and for our members. Please encourage any non-member dentist colleagues to join CDA!

Sincerely,

A handwritten signature in blue ink that reads "Lisa".

Lisa E. Beck-Uhl, DDS

## OXNARD COLLEGE BRINGING NEW HYGIENISTS TO OUR COMMUNITY!

In the fall of 2020 the anxiety and uncertainty caused by the coronavirus pandemic required a leap of faith and a major commitment from students as they embarked on their professional career in the Dental Hygiene Program at Oxnard College. The awareness that an exposure or a positive test could disrupt their educational journey kept everyone on edge. Remarkably, the sacrifices and dedication by adhering to the protocols set by both the college and the DH program prevented any disruptions or transmissions during their quest.

In May, the Class of 2022 celebrated graduation in-person on campus with classmates, faculty, family, and friends. All have since passed their National and Clinical Boards and will complete their Law & Ethics Exam by August. Most have secured jobs after Linda Lacunza encouraged them to post on the Santa Barbara/Ventura County Dental Society Job Board.

The Dental Hygiene program continues to attract a wealth of applicants with over eighty-five vying for 20 available placements this fall. We look forward to welcoming an incoming class in August along with a new cohort of 24 Dental Assisting students.

# DENTAL ASSISTANT INTERNS

While SBVCDS is a proud supporter of Oxnard College's important DA program, where students graduate trained and ready to hit the work force, we know that it isn't enough!

A healthy dental community needs strong dental teams. Staff shortages are a problem everywhere, and there are pockets where it hits even harder. With gas prices, road construction, and so many other obstacles, what can a dentist do?

**Your dental society is doing what it can, and we have partnered with SANTA BARBARA CITY COLLEGE and CSUCI to increase interest in dental professions!**

If you are interested in providing a paid internship, we want to connect you with enthusiastic young people who are eager to learn and to work. Could this become your next regular hire? Perhaps. But even if not, you will be helping to rebuild DA populations in your community... you never know when you will need this!

To put your office on the list, call the Society today! We will ask your needs and requirements, then compile a list. When we receive an interested applicant from the college, we will notify you so you can contact and work directly with them from there.

Without naming specific offices, we will be promoting this program on social media and through city college channels. We hope to have a strong list of available offices by the time recruitment fairs start!

Call SBVCDS now to join this program!

**805-648-SBVC (7282)**

# Dental Assistant Training Course Outline

At your option, your dental society will also provide 4 hours of basic introductory online training to your intern/new hire. Free for the first 20 members who ask for this per month!

Our dental assistant training course covers everything from leadership skills, to how to play a larger part in your practice, and what types of behavior are appropriate and not appropriate in the back office.

# FOUNDATION PRESIDENT'S MESSAGE

Dear SBVC Society Members,

I am pleased and excited to announce that after a 3-year hiatus due to the pandemic, the newly reformed SBVC Dental Care Foundation is emerging again to do good things with and for the dental community.

As you know, until recently, the Foundation operated on very large-scale grants that allowed us to have the Mobile Dental Clinic and a fully staffed organization. Times have changes so much in these years, and those grants are no longer available.

But that doesn't mean we aren't here still doing great things! As THE dental foundation of our area, we can laser-focus our efforts in ways that are the most immediately beneficial to needs as they arise. And we can leverage our combined contributions to make a real difference to many: local clinics, local dental auxiliary training programs, and on occasion, even international efforts to provide care.

With these changes, the Foundation has been restructured with new goals streamlined leadership. Our interim board consists of:

**Dr. Ron Hunter** - President

**Dr. Catherine Chien** - Treasurer

**Dr. Sunny** - Secretary

**Dr. Lyndon Lambeth** - Santa Barbara Representative

This is a great team to re-start with, and we will keep you informed as we grow from here.

And now, as our first charitable gift, I am also pleased to announce how your donations are helping to fund Dr. Mark Schultz, whom you will read more about on the next page in his message and request for supply donations. He is going to Poland to provide oral healthcare to Ukrainian refugees in need. We commend Dr. Schultz for his volunteering for this great cause, and we thank you for your contributions towards it as well.

We will continue to update you with more news from the Foundation and look forward to your support.

Thank you,

Ron Hunter, DDS

Ron Hunter, DDS

## SBVCDS Member traveling to Poland to help Ukrainian refugees You can help with important supplies!

Dear SBVCDS Members,

I will be traveling to Warsaw, Poland on a humanitarian mission, to provide dental care for Ukrainian refugees. It is sponsored by International Medical Relief, founded in 2002, a 501(c)3 non profit and non denominational organization that fosters needed dental and medical care. Their mission is to provide access to health care in underserved and vulnerable communities worldwide to improve the health, wellness, and quality of life of those populations most in need. More information about IMR can be found on the [internationalmedicarelief.org](http://internationalmedicarelief.org) website.

I am scheduled to begin treatment at the end of July and over the next month I will attempt to collect and bring much needed dental supplies and materials listed below to the facility in Poland. I am arranging to have drop off locations in Lompoc, Santa Ynez Valley, Santa Barbara, Ventura, and Thousand Oaks to receive your in-kind

donations by **July 16**. Please send me a message with what you can give, and we will figure out the best way to deliver.

I can be reached by texting to (805) 245-0824 or e-mail to [fangsowwhite@gmail.com](mailto:fangsowwhite@gmail.com). In addition, if you are a client of Robertson Dental Laboratory, they have volunteered to pick up your donated materials on their daily delivery and pick up runs to your practice, if given prior notice.

Thank you for supporting this important mission. Those individuals and families that have lost their homes and had their lives so disruptively impacted, need not suffer from further complications of oral disease and discomfort. Your support in this effort is greatly appreciated.

Yours In Health,

Mark J. Shultz, D.D.S  
(former SBVCDS Board Member)

### Supplies Needed:

- |  |   |  |
|--|---|--|
| <input type="checkbox"/> Absorbable Gelatin Sponges, like Gelfoam, Helioplug, Surgifoam  | <input type="checkbox"/> Topical Anesthetic Gel                   | <input type="checkbox"/> Hygiene: Scalers (Anterior & Posterior), Currettes 7/8, 11/12, 13/14, Sharpener |
| <input type="checkbox"/> Anesthetic: Citanest 4% w/o epi, Lidocaine 2% w/epi, Septocaine 4% w/epi, Mepivacaine 3% w/o epi (for those with elevated BP or pregnant) Lidocaine Spray or Hurracaine/Cetacaine | <input type="checkbox"/> Silver Diamine                           | <input type="checkbox"/> Tongue Blades   |
| <input type="checkbox"/> Spray (helpful for those who gag)   | <input type="checkbox"/> Dental Needles                           | <input type="checkbox"/> 2x2 and 4x2 Gauze   |

|  | <input type="checkbox"/> Dental puppets and educational materials | <input type="checkbox"/> Bibs and Bib holders (disposables)  |
|  | <input type="checkbox"/> Flouride treatments                      | <input type="checkbox"/> Nitrile or Non-latex gloves   |
|  | <input type="checkbox"/> Ionolux Sealants                         | <input type="checkbox"/> Temporary filling materials   |

## LETTER FROM THE EDITOR

---

*Lisa Safieinili, MPH, RD, Executive Director, Westminster Free Clinic, Susan Taylor DA, Sugarbug Dental, Cynthia Soto Operations Manager, Westminster Free Clinic, Cari Canales, MPH, Community Outreach, Sugarbug Dental*

Recently, Dr. Sahar Sepidehdam and I were given the opportunity to present about careers in dentistry to over 200 high school students in Thousand Oaks and Oxnard. These are teen interns who assist at the Westminster Free Clinic and get hands-on experience working side-by-side with, and being inspired by, this clinic's dedicated volunteer doctors, nurses and social workers. Heck, I was inspired! But I also noticed that dentist volunteers were absent from the lineup, even though there's a real need for dentists to provide adult patient referral assessments, among other things. Dentists used to volunteer here, where'd we all go? It also struck me that, in the middle of an acute man-power shortage, we dentists might not have been doing enough to inspire young people to choose dental careers. We all care about the oral health of our community, let's not forget about the health of our dental profession.

(BRE License # 01102002)

**Selling Dental Practices in Santa Barbara & Ventura Counties  
for Over 30 Years!**

**(Your Neighborhood Broker / Resident of Ventura County)**

**You live in one of the Greatest Areas in the Country --  
Your Sale Price Should Reflect That**

**A sample of our current listings:**

**Santa Barbara: Motivated retiree with over 25+ yrs Goodwill. Private Practice. Most Specialty Treatment Referred Out. Busy Hygiene Program. Seller works PT schedule. Super steady patient base & revenues of \$30k/mo Low overhead costs so ideal for first time buyer or merger**

**Camarillo: Disabled dentist now looking to sell his absentee run practice. No patient attrition concerns here as the office has been operated by associates for past 2 years. 3 very clean ops with room for additional. Shopping Center visibility. Low overhead. Priced to sell right away!**

**Ventura: Easy-going Retiree with over 30 years of Goodwill. Busy office (4 hygiene days per week) with large potential for significant growth and high net revenues. If looking for bread-n-butter seller that refers out specialty work, has a large patient pool, and controlled expenses - this is the one. Projecting income of \$600k for right buyer.**

**Moorpark: Shopping center location. Modern equipment and design. Exposure. Ideal for 1st time buyer looking for low overhead, controlled expenses and growth. Priced under \$150k for quick transaction. Seller will take active role in transitioning of patients**

**Santa Barbara: Old-school conservative retiree that does basic c/b and operative only with established practice accepting selected PPOs and Delta only. No endo, perio, ortho, OS or implants. Solid 3 days of hygiene. Predictable annual revenues & low overhead costs. Seller wants to go fishing -- buy it at a discount, and land a great catch !**

**(818) 999-9595**

## SEEKING 3 VOLUNTEER DENTISTS FOR EACH OF TWO ON-SITE ORAL HEALTH SCREENING EVENTS

*Both events are in partnership with Westminster Free Clinic.*

- Wednesday, August 10 - 3:30 to 5:30 pm at the Thousand Oaks Methodist Church, 1000 E. Janss Road, Thousand Oaks
- Tuesday, August 16 - 3:00 to 5:30 pm at St. Paul's Methodist Church, 1800 S. C Street, Oxnard

Dentists are needed to provide a brief oral screening for school age children and application of fluoride varnish. Prior to the screening the children and their parent will participate in a short oral health education session provided by Colgate. All children will receive an oral health kit containing toothbrush, toothpaste, and floss. Building Healthy Smiles will provide the screening form, gloves, and mirrors for use by the dentists as well as the fluoride varnish. Parents will be required to sign a consent form for the fluoride varnish application.

We will offer a 15-20-minute Zoom information session for participating dentists prior to the events to provide a brief overview of the program and answer any questions.

If you can volunteer for one of the events or have questions, please contact Susan Englund by July 15 [susan.englund@vcunitedway.org](mailto:susan.englund@vcunitedway.org). If you are unable to volunteer in August, please consider participating in one of our on-site school-based assessment events during the school year. Building Healthy Smiles is a program of United Way of Ventura County in partnership with Ventura County Public Health.

SANTA BARBARA - VENTURA COUNTY DENTAL SOCIETY

# BOARD OF DIRECTORS INSTALLATION & SOCIAL

on the Channel Islands Harbor

**SATURDAY, DECEMBER 10**

Dear SBVCDS past and present leaders and volunteers,

Because of you, organized dentistry has been here serving the membership from year to year since 1919. Your time and talents have helped our community kept the profession thriving. After these difficult years, we would like to have a night of appreciation at the 2022 Parade of Lights!

6:00 - Boarding on the Scarlett Belle

6:30-8:00 - Dinner while docked and watching the decorated and lit boats!

After that, those that wish to take a small boat cruise through the harbor may remain on the boat until 9:00

Cost \$99 per member and guest. \$199 for non-members and their guests.

(805)648-7282  
EXECDIRECTOR@SBVCDS.ORG

# Google Maps Revealed: The Secrets to Increasing Your Ranking & Boosting New Patients

Thursday, Jul 21

5pm - 6pm

**FREE 1 CE Credit Webinar**

## Register at:

<https://www.catapulteducation.com/course/google-maps>

## Course Description

One of the most effective ways to increase your new patient phone calls is by getting into the Google Maps 3-Pack. The 3-pack is the top three listings on Google Maps on the first page of search results.

Most dentists aren't aware that you can optimize your Google business listing, resulting in out-ranking your competition on Google Maps. It's like SEO for your website, but instead focuses on ranking on Google Maps.

Practices that optimize their listings dramatically increase new patient phone calls. We know this because we can prove it.

## Learning Topics

- How Google Maps rankings work
- Why your practice may not rank as high as other practices
- How well (or not well) is your practice ranking currently
- If your Google Maps rankings will improve with more Google reviews
- How to be found higher in Google Maps search results
- If there are case studies to show the benefit of Google Maps SEO

*Brought to you by our friends at Catapult Education*

## About the Speaker

Adrian is the Vice President at My Social Practice, a dental marketing agency providing expert SEO, social media marketing, website development and reputation management strategy to dentists throughout North America.

Adrian is an expert in digital dental marketing and has been working specifically with dental practices for 13 years. In that time he has helped hundreds of dental practices grow and thrive through digital marketing.

Adrian enjoys mountain biking, watching college football, exercise and is a pretentious film and beer snob. He and his wife Emilie have four children and live in Suncrest, Utah.

# FOCUS

Can you imagine joining your dental society during the crazy times of the lockdown? Please help us welcome these newer members ~ let's show them what a great community we are! *(Do you know of a newer member you would like us to focus? Call Linda at the dental society, she'd love to meet you, too!)*

## **Dr. Mahmood Loul, GP**

Santa Barbara

Dr. Loul came from the Bay Area after practicing in both San Francisco and Berkeley. He chose Santa Barbara because he has family that lives in the area and he heard good things about this community: the weather, community, and the pace.

*Welcome Dr. Loul!*

## **Dr. Ben McWilliams**

Santa Barbara

Dr. Ben McWilliams came to SBVCDS from Chicago. He and his lovely wife were ready to leave four months of cold weather and started looking to California. After exploring several communities, he found the perfect practice right here in Santa Barbara. The friendly people and nice patients have made it a welcome change.

# *Covid-Prevention Protocols are Still Required in all Healthcare Settings*

## **GREETINGS TO OUR PATIENTS!**

While many parts of the state and country are now able to relax their Covid-19 prevention mandates, healthcare is still required to keep safety protocols in place.

Please know our office is always in accordance with all necessary guidelines. We understand the importance of keeping you, our patients, safe and smiling!

**Masks Are Required To Enter All Healthcare Facilities**

# Are you finding that patients are confused about needing to wear masks in the office?

An always-generous member shared what automated text messages they are sending to their patients before a visit. Perhaps this will serve as a helpful model for you. Also, please feel free to print the following flyer to hang on your door!

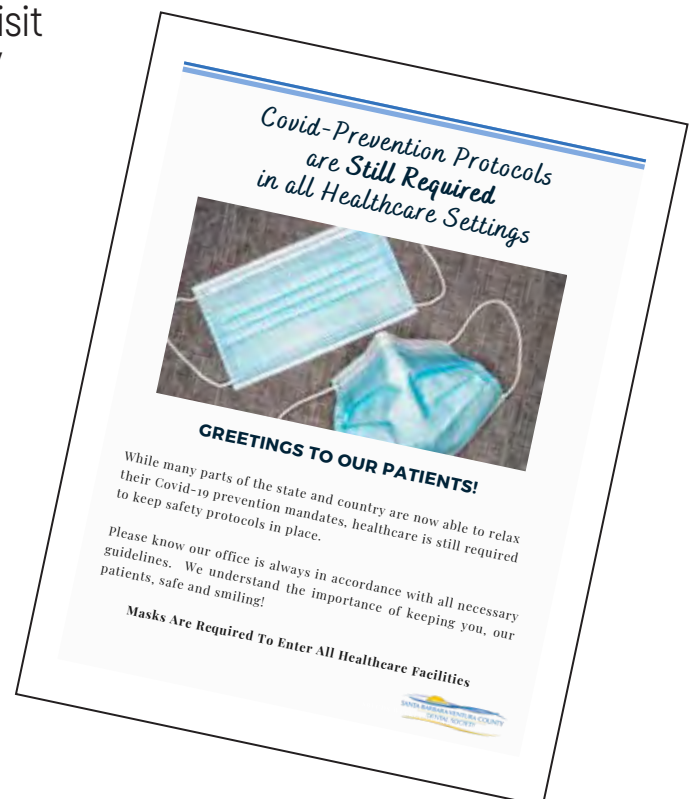

## 2 weeks before:

Hello **[Patient Name]**, this is the office of Dr. **(Name)**. We wanted to remind you of your appointment on **[date] at [time]**. Please text us back to confirm.

When you arrive to our office for your appointment, please remain in your car and text us to let us know that you are here. We will send you a COVID-19 screening form for that day. We want to make sure you didn't wake up with any symptoms. Once we receive that form we will let you know when to come in. Please be sure to wear a mask or face covering. You will be asked to sanitize your hands when you enter, and we will have hand-sanitizer available for you to do so. We also ask that you come to your visit alone (or with a single caregiver or parent/guardian for elderly patients, patients with special needs, or children).

## 2 hrs before today's visit:

Hello **[Patient Name]**, this is the office of Dr. **(Name)**. We look forward to seeing you on your appointment today, **[date]** at **[time]**. Please complete the link below for your COVID-19 Screening form for today. **(link here)** Please text us when you arrive, and be sure to wear a mask or face covering when you enter. Thank you!

# WE ARE HERE FOR YOU!

## HELP IS ONE CALL AWAY. THE CDA WELL-BEING PROGRAM

Concerned that you or a dental professional you know may have an alcohol or chemical dependency problem? Support is available.

**SOUTHERN CALIFORNIA WELL-BEING COMMITTEE**

**(714) 600-6173**

## Do CE Courses done online still count? Yes, LIVE ones do!

- Live webinars have always and will continue to count as live CE. This also applies to courses wherein the instructor is speaking live online.
- Recorded webinars, even if the speaker is active in a chatroom attached to the recorded webinar, will no longer count as live CE as of January 1, 2022.

\* *The courses licensees took before 2022 that were under that waiver will be allowed to be counted towards a licensee's renewal.*

## PROFESSIONAL LIABILITY

# Dentistry isn't like anything else.

### Better protection is built just for dentists.

The Dentists Insurance Company was founded by dentists, to protect only dentists, and is led by your peers.

In fact, TDIC's **Professional Liability** coverage follows the scope of practice, which means you're protected for the administration of the COVID-19 vaccine.\*

See more ways you benefit from exceptional protection at every stage of practice:

- One-on-one guidance by Risk Management analysts
- In-house claims team and razor-sharp legal team
- Higher limits for specialties with higher exposures

Plus, get premium discounts for bundling your policies or completing our current risk management seminar.

Talk to an agent or apply today at [tdicinsurance.com/PL](https://tdicinsurance.com/PL).

### Protecting dentists. It's all we do.®

800.733.0633 | [tdicinsurance.com](https://tdicinsurance.com) | CA Insurance Lic. #0652783

   @TDICinsurance

Endorsed by

**Santa Barbara-Ventura County Dental Society**

\*Coverage is subject to compliance with all requirements of a vaccine emergency waiver; vaccine manufacturers requirements, and policy provisions.

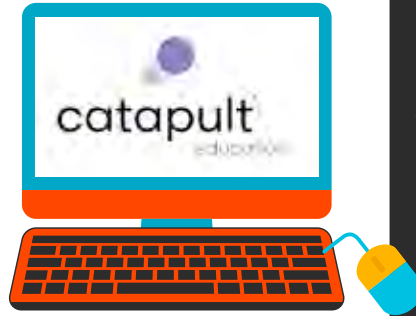

# CBCT for the Win!

**How to Obtain Faster and Easier Implant Cases**

Monday, Aug 1

5pm - 6pm

**FREE 1 CE Credit Webinar**

**Register at:**

<https://www.catapulteducation.com/course/implant-placement>

## Course Description

When properly utilized, CBCT can be an invaluable asset in planning out your implant placement. Dr. Michael Wehrle will discuss how to use this powerful tool so that your implant placement allows your surgical procedure to be faster and easier with less complications, and your final restoration to be fabricated with ease and no compromises.

## Learning Topics

- How to utilize CBCT to plan out cases in an exact fashion
- How to utilize CBCT in combination with other tools to be certain to avoid complications
- How to utilize CBCT to make seemingly difficult cases much more simple

*Brought to you by our friends at Catapult Education*

## About the Speaker

Dr. Wehrle graduated from Baylor College of Dentistry in 1989. He immediately took a GPR at Worcester City Hospital and the University of Massachusetts Hospital. This began his constant pursuit of dental excellence through continuing education and resulted in him becoming a fellow in the Academy of General Dentistry while completing over 500 hours of continuing education in both orthodontics and implants. Dr. Wehrle is a member of the American Dental Association, American Orthodontic Society, Academy of General Dentistry, and an Associate Fellow of the American Association of Implant Dentistry.

Dr. Wehrle is the founder and head of the Wehrle Implant Immersion Course (WIIC) which is located in Puebla, Mexico. This is a completely self contained facility that allows for the most intense and efficient implant training possible. With over 400 graduates it has become one of the leading implant training facilities in the world.
